

# STREAMLINING COMPLEX INVESTIGATIONS WITH AI-POWERED DIGITAL EVIDENCE MANAGEMENT

## THE CRIMINAL JUSTICE SYSTEM IS AT BREAKING POINT

**40%** OF INMATES COMMIT CRIMES WHILE INCARCERATED

**90%** OF DIGITAL VIDEO EVIDENCE CREATED IN LAST 2 YEARS

## NICE. TRUTH DEPENDS ON IT

### 5 WAYS CORRECTIONS DEPARTMENTS ARE STREAMLINING COMPLEX INVESTIGATIONS WITH AI-POWERED DIGITAL EVIDENCE MANAGEMENT

**1** Easily collect, play, organize, analyze and share vast amounts of digital evidence from many sources, and build cases quickly.

**2** Eliminate administrative activities that slows investigations down.

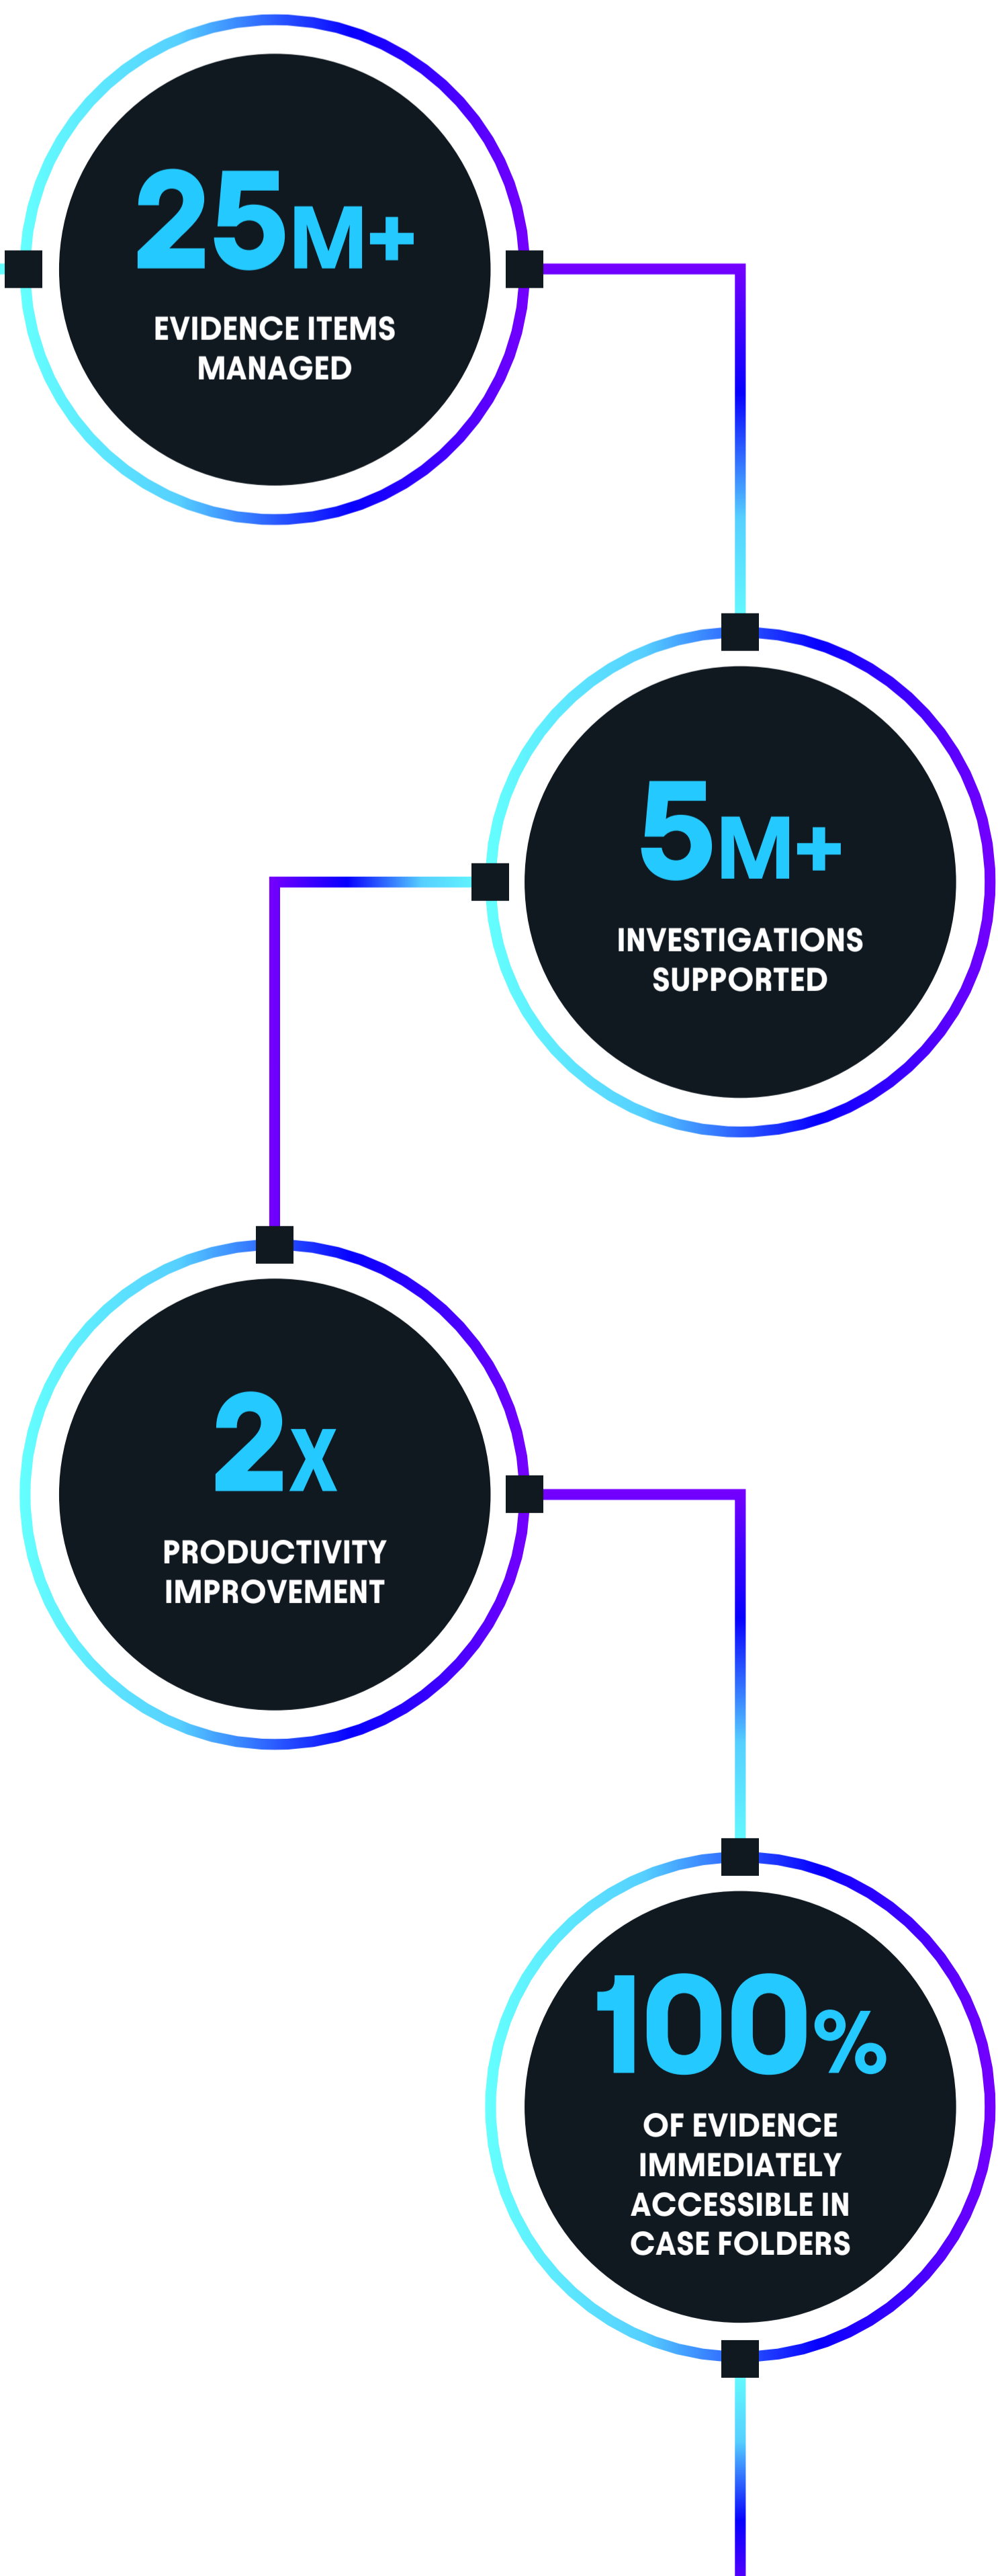

**3** Make video evidence playable without the need for specialized players/codecs.

**4** Unlocks hidden insights from video and audio using automated transcription.

**5** Eliminate CDs, USB drives and discs; securely share all digital evidence electronically.

“  
**THE TRUTH, THE WHOLE TRUTH AND NOTHING BUT THE TRUTH**”

### DIGITAL TRANSFORMATION WITH NICE

“

You can't have an organization of our size, with numerous locations and multiple case management systems, all vying for the same set of data, and expect to manage investigations and digital evidence efficiently.

The volume of video has become a tipping point for needing a better way. But if you're unable to coherently organize, retrieve and easily share these videos, and analyze them in context with all other digital evidence, that's not very helpful.

With NICE Investigate, our investigators can manage investigations and digital evidence cohesively, through one login, instead of having to manually navigate their way through many disjointed systems.
